## GOOGLE CLASSROOM

- ★ **Join Your Child's Google Classroom:** If you are not already in your child's google classroom for all band classes, send the directors an email and we can guide you through the process
- ★ **Check Your Child's Work:** In google classroom, check to make sure a file and/or video is ATTACHED and the assignment is MARKED AS DONE. It will not show up on our end to be graded until both these tasks are completed on the student side
- ★ **Grades:** Google Classroom grades are the most up to date. These grades are then transferred to Powerschool periodically
- ★ **Quarterly Assignment Schedule:** A list of the major assessments for the entire 9 weeks period are posted at the beginning of each grading period. This allows students to work ahead as needed to make things less stressful. This schedule can be found in the classroom materials and on the google classroom stream.
- ★ **Student Materials and Instructions:** Look under the "stream" for announcements and under "Class Resources" for materials and music
